

BONDS

The **Bonds CustomWire** will supply your customers with real-time news reports and analysis focused on U.S. international and corporate bond activities and events related to this sector. Your customers will be the first to have breaking reports on new bond offerings and bond market updates from around the globe.

Comtex's **Bonds CustomWire** is powered by content from such financial publishing heavyweights as **Briefing.com** and **Dow Jones**. With its broad range of coverage and non-stop delivery, the **Bonds CustomWire** is the only tool capable of providing your customers with the targeted and cutting edge analytical stories and breaking news that will allow them to be successful and give them the edge on their competition, all thanks to you.

Your clients need the most complete, timely information available on the bond and fixed-income markets. Because interest in bonds goes beyond the fixed income investor, give all your customers Comtex's **Bonds CustomWire**.

Statistics
