

HEDGE FUND

When investing in securities, Hedge Fund managers need to be well informed of all news topics in order to make the right investments and garner high returns to their investors. The Comtex **Hedge Fund CustomWire** provides a vast array of news coupled with stock alerts in order to maximize earnings potential with informed investment decisions.

The **Hedge Fund CustomWire** includes news from such publisher heavyweights as **Dow Jones Commodity News Service**, **PR Newswire** and **Business Wire**, focusing on all the aspects of news that can affect your investment decisions.

The Real-time market news has been supplemented with the daily **Comtex SmarTrend® Morning Call Newsletter**, including proprietary market indicators, important economic and business happenings expected to affect stock movements, and measurements of near term market moves in order to identify the best possible returns for investors and traders alike.

Comtex's **Hedge Fund CustomWire** also includes **SmarTrend Technical Analysis**—highlighting alerts generated by our proprietary equity alert product, **SmarTrend, NewsWatch** articles highlighting major business and economic news throughout the day, **Analyst Upgrades/Downgrades** and **SmarTrend Market Commentary** including Opening Bell Comments, Midday Market Recap, and Market Wrap-Up commentary.

The **Hedge Fund CustomWire** supplies your customers with real-time news and analysis concerning market activities and events occurring across the globe that affect economic growth. With its extensive news coverage and proprietary stock alert information, your clients will have the critical information they need to fatten their investors' wallets and improve their bottom line.

Statistics
