

INTERNATIONAL BUSINESS

The **International Business CustomWire** provides in-depth coverage of the world's most profitable industries and influential economies in real-time. Focusing on the activities of companies doing business outside the United States, Comtex's **International Business CustomWire** delivers news on company financial performance, growth, earnings reports, mergers and acquisitions, contracts and news partnership deals. Comtex's **International Business CustomWire** also covers regional industry statistics and political news affecting trade and competition in the global marketplace.

With Comtex's **International Business CustomWire**, the day's most critical international business news is packaged into one product and features news from the world's largest volume publishers including **Dow Jones Commodity News Service**, **Xinhua News Agency**, **EFE News Service** and **ABIX Lexis Nexis**. Comtex's **International Business CustomWire** is also enhanced with diverse regional content providers such as **Datamonitor LLC** and **RosBusiness Consulting**.
