

Briefing.com is a leading Internet provider of live market analysis on the U.S. stock and U.S. fixed income markets, providing expert commentary and analysis.

U.S. Stock Introductory Service provides the following:

- **Live Stock market updates, sector analyses and brokerage recommendations:** Coverage every 1/2 hour throughout the trading day of the U.S. stock market including indices, and brief reporting on overseas stock markets. Reports on selected stocks, short and long-term sector performance ratings and brokerage firms' trading recommendations.

- **Informative economic, splits and IPO calendars:** The date and time of economic indicator releases, as well as the current data and previous figures. Splits calendars including the company name, stock symbol, split ratio, payable date, exercise date and announce date. IPO calendars with the company name, stock symbol, issue shares, price range and lead underwriter.

U.S. Bond Introductory Service, in-depth commentary about the U.S. bond market, provides the following:

- **Bond and treasury market updates:** The 30-year bonds index, Government National Mortgage Association index and foreign exchange, in addition to detailing macroeconomic effects on bond investments, updated 3X per day.
- **Comprehensive reports on the FOMC and interest rates:** Detailed calendar critical to government economic policy-making, economic "hot topic" overview, and FOMC meeting. Schedule and coverage of interest rates including the 11th District Cost of Funds index, the primary, 3-month labor, 1-year treasury, 10-year treasury and 30-year mortgage rates.

Statistics

- Economic, Splits & IPO Calendars: Batch (Monday-Sunday), avg. 30 stories per weekday; avg. 5-10 per weekend day
- FOMC and Interest Rate Reports: Batch (Monday-Friday), avg. 3-8 stories per day
