

FILING SERVICES CANADA

Filing Services Canada Inc. (FSC) has existed since 1998 as a disseminator of material disclosure (in the form of press releases), as well as a SEDAR and EDGAR filer. The company was approved as a disseminator for TSX Venture Exchange companies through 2005. Today, FSC is also fully approved to disseminate for Toronto Exchange companies after undergoing a lengthy, stringent approval process.

FSC's clientele growth rate has been consistent on an annual basis over the past seven years and has a dissemination client list of about 250 public companies. The company continues to grow since its market has expanded to TSX senior exchange companies.

FSC disseminates between 10 and 20 press releases daily to a wide network of financial databases, websites and media outlets.

FSC is the exclusive distributor for over 250 Canadian public companies. As a result, FSC provides unique coverage of Canadian company activity to complement more general business news.

FSC participates in numerous Comtex **CustomWires®** including **Business, Public Companies** and **Emerging Markets**. Filing Services Canada is also available as a **Full Feed** offering.
