

FRONT PAGE

Comtex Top News products provide the day's top news in a timely and convenient pre-packaged format. Stories are selected, prioritized and delivered by Comtex's editorial team. All stories are uniformly formatted and enhanced with standardized keywords and ticker symbols to facilitate product mapping and end user search success.

Comtex's Front Page, Top News, and Top Financial News offerings are designed specifically to satisfy distributors interested in reaching a broad audience of business end-users.

Designed to reflect the content on the front pages of major U.S. newspapers, Comtex Front Page covers news on the business world, U.S. national news, government activities, world news, as well as updates on the financial markets and the sports world.

Receive the 10 most high-impacting stories of the day in one offering. Comtex Front Page is available as one file with all 10 headlines or as 10 full-text stories. Breaking News Updates are delivered outside of the delivery schedule as the stories become available.
